Thread: [The Fourth Annual Hack Forums Time Capsule](#)

Cooligan - December 7, 2022, 7:44 am

??? ???

FIRST OFF, THANK YOU:

I just wanted to personally say thank you to all of you who participated in the [First](#), [Second](#), and [Third](#) annual HF Time Capsule's and for making them all such successful events here in our community. None of this would have been possible without the HF community so again, a huge thank you to all of you. Let's make the fourth event even bigger and better than the first three! To anyone who didn't get the chance to participate in one of the first three events; now's your chance! ?

SECOND, IN LIGHT OF THE RECENT HF CHANGES & UPDATES:

As I'm sure all of you are aware, HF has seen some hefty changes in the recent weeks! Improvements there, upgrades here, total changes everywhere! What better time to participate in the HF Time Capsule than when numerous changes are happening? I don't think I'm alone when I say I'm very curious and excited to see how different things will look, feel, and be a year from now! Well fortunately for us, we have this thread for that. ?

Hello and welcome to the Fourth Annual Hack Forums Time Capsule!

The purpose of this time capsule:

Every time you change your avatar, signature, get a positive/negative rep, receive a warning, get banned, gain an award, or increase your post count, your profile changes. It can be stats, appearance, anything. What this thread will do is create a place for you to save your past profile data such as what I mentioned above. I mean, who doesn't like seeing how their account has changed over time? Plus, due all the new changes and updates, now is a perfect time for you to log your profile stats/data so you can see how much progress you've accomplished and how things have changed over this next year!

How it will work:

What you'll do is go to your profile and take two screenshots, one including your groups and one including your awards. Then come back here and post those two screenshots in the format that is provided in the code box below. My job will be to copy the post ID of your screenshot and paste it into a list in the OP so that it's easy for you to find. The list will also be in alphabetical order to make it even easier for you to find your screenshots. This thread will close on January 7th, 2023 (one month from now) and will re-open on January 1st, 2024. When I re-open the thread it will be bumped so that everyone will be reminded of this time capsule, and then rinse and repeat next year.

I bet! When I was making this I kept going back to the old threads to remember what I did here and there, and every time I did it just brought back all those old nostalgic memories. Especially when I got sidetracked and skimmed through the old entries. ?

Also, I don't know if you know this or not, if you turn the "HDR" off in display settings, your screenshots will become normal :)

Also would've never known that screenshotting while HDR is on that it would make a screenshot do that.

Out of curiosity what screenshot tool did you use for the deep fried ones lol?

Absolutely my man! And yeah, the last one I posted was back in 2018 so before you joined.

This is the 4th HF Time Capsule I've made, so it hasn't been annual the last few years unfortunately, but this one surely is not the first. :)

If you check the OP, you'll see the previous 3 HF Time Capsule's I made linked at the bottom of the thread.

I'm sorry to fuck up the time capsule but this site is unique and I'm interested in what changes happened this year? There used to be a dude Omniscient who was administrating and basically did everything from what I recall but I don't see him. Was the site sold or did he retire or?

Nope, HF was not sold nor did Omni retire. He simply changed his username and is now going under the "Admin" alias.

Same ol'e bossman though :)

Lots of changes are happening on HF right now, it's pretty awesome to watch unfold. While you're here you should enter the Time Capsule! You never know how much progress you just might make here in 2023. ?

Yeah, I was planning on closing it at the beginning of January, but there was only a few entries. Extended it a month, figured there'd be a lot more entries but sadly there hasn't been. I think a lot of it comes down to "oh I'll definitely enter that later!" and they just forget to enter.

Will be open for a few more days but that's it. Hopefully some more members enter in that time.

I feel like that partly has to do with it, is whether you were active throughout the years or over bits of time throughout those years. I never really left HF, never took any vacation bans, only extended time away from HF I took was a break in 2016 or so and another "forced break" we'll call it a few years later lol.

Other than that though I'm still active on here daily noob. Would love to see if you were to become active again. Just might make me buy a group and bring Empire back. ?

I think you might've misclicked like one key or something when pasting the link maybe? Cause I tried opening the broken link before you fixed it and it did take me to the screenshot, so it might've been one random character or something in the link breaking it. Who knows lol.

Right now we have 24 members who entered, quite a bit less than the first couple Time Capsules I hosted.

Maybe some people just don't want to put a screenshot of their profile in a sealed thread? Not sure really.

I do wish a lot more members were entering though, it's a really fun community event when we open the Time Capsule the following year.

I'm Stanley HF's helper bot. The OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
