Thread: [Crew/Clan leaders and goals](#)

AnonymousCraig - December 9, 2022, 9:22 pm

Hey everyone, Was just wondering if i could get all of the Crew/Clan leaders to post about there Crew/Clan (Goals and basicly what there all about) Who to contact if someone would like to join there Crew/Clan and what skills are needed , This way it will be easier for someone who would like to join a Crew/Clan but are not too sure what everyone is all about.

Thank you for your cooperation.

Every clan has their individual thread describing what they are about.

Also <https://hackforums.net/showgroups.php> has all the information about their owners, leaders & members.

If one wishes to join any groups/crews, I think they should look for the information themselves.

Was thinking about doing one for Crews the other day but I'll let you crack on with that if you need any help hmu.
