Thread: [Team To Win World Cup and why?](#)

AnonymousCraig - December 13, 2022, 8:35 pm

Name the team that will win the world cup...

Answer: The best team to win this world cup to me is Team FRANCE because they have been exceptional in this tournament so far despite missing alot of talent (world stars) not playing for them in this world cup tournament.

I think it is Argentina, but France could win too, they've been so lucky recently.. I saw how England played better than them and somehow France won, which is great though.

I have to root for France, but Messi winning wouldn't be that bad I guess.

I just hope 4+ goals get scored each and its a fun game

AnonymousCraig - December 14, 2022, 10:52 pm

To be honest Team Argentina is also my second favorite team in the tournament, glad they enter final though but I will still go for team France to win the world cup

diablospartan - December 15, 2022, 7:47 am

Well i would prefer Argentina to win but i am afraid that France will beat them i see them and they are the deadlist team in front attack .You can make a great match against them and they just need an attack to kill you will cold blood

papaloka - December 15, 2022, 7:59 am

I also bet on the victory of the French, maybe there are no top stars in their team, but they are well prepared.

Okay hear me out, Messi winning the wc so ronaldo can have a melt down again and do another interview with piers Morgan and be like I'm not gonna say I'm taller than him which is true ?

Yin Yang - December 16, 2022, 4:50 am

If France doesn't win this year, I doubt they'll make it next time.

I'm disagree with. There is no doubt that France team fulfilled with most stars player but Argentina will win this. How? idk, maybe all about fortune.
