Done voted for Amber  
Good luck

The login barrier hasn't really changed anything on their site. Still no verification after the fact.

Hopefully they don't check anything manually lmao. I sent 5000 votes. Also pretty fuckin insane that they allow you to send 5k+ requests in under 2 minutes without ANY rate limiting.

Of course I voted. Hope she wins!

Fingers crossed the votes count lol. The fact that his wife made it into the final round is a good indicator it does work though, as I sent around 6100~ votes in the previous round.

Lmao, OP asked and you delivered. Let's hope they stick, cause this will probably blow up the poll results.

Yep haha. OP actually asked me to bot it, I wouldn't of did it otherwise. Wouldn't want to ruin anything or do anything like this unwarranted xd.

While its a nice gesture, hope the contestant won't get disqualified. They're not bright enough to know the difference. The other girls are using their social media to vote so, this looks pretty normal in total numbers.

I'm Stanley HF's helper bot. The OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,  
Stanley
