Arts & Crafts

Its time to embrace your artistic side and help create a memorable Christmas!

To enter:

Create an original piece of art. This can be on paper, canvas, photoshop, or even that terrible Paint app.

It must be PinkLSZ and Christmas themed.

Write your username in the bottom right corner for a chance to win a prize from the [PinkLSZ Event](#).

You do not need to be an artist or even care about art but try your best. Looking forward to seeing your submissions below!

Used ChatGPT and Midjourney to create this bad boy. First time ever using Midjourney, shit is absolutely insane. Can't get it to spit out Pink LSZ as text, though.

To generate the prompt. I gave it a sloppy description of the header image, and it described it clearly.
