hey gang, any decent paid or free keyloggers?
what do you reccomend from expierience?
thanks

i made a low effort keylogger using python a year or two ago, theyre pretty nifty if you can engineer the target to log into something but nothing worth paying a premium price for

UDPz0r - January 8, 2023, 4:28 pm

ups i forgot not allowed to sell here, check glock keylogger in premium
