What exactly are you looking for? Someone to mentor you, get leads, or invest money for expenditures?

Feel free to PM me with any relevant information and I'll take a look.

I can help with this one way or another.

Thanks

I've been doing lead gen freelance for over a year, I am primarily looking for a investor/partner.

Stay away from this user, deal with caution. He is scamming throughout the platform. He scammed me on discord for \$350 for an email marketing service. Check posts from other users having the same problems on his threads.
