theDuke - December 26, 2022, 11:33 pm

Anyone need a new avatar? Just give me a short description of what you'd like and I can send you some options generated with AI.

Here is an example of mine ?? Made it a bit Christmas themed, cuz why not.

Just post below and I'll get one made for you. I know anyone can do this and it's pretty stupid, but it might be fun getting different variations based on the prompt I use etc, so fuck it.

Hmmm let me try a psychedelic blue catfish

Mr.Cat - February 4, 2023, 3:24 pm

can you send me a cooler avatar similar to mine? And i also would like to have some solar panels that reflect the sun viewed from above in a field for an advertisement of solar panels in good quality.

If you can do only 1 then do the second. Cheers!

I know right.. The solar one looks pretty legit. Just slap some text and touch ups and it's a professional ad. In some cases it's royalty free too.
