Today Kim and other relatives of Kanye put out an APB on Kanye, last seen on Dec 18 taking his kids to church.

Which assholes would that be? Kanye West's former business manager considers the rapper "missing", as he's apparently been unable to locate him for several weeks.

Thomas St John was the "Gold Digger" musician's senior financial advisor for 18 months but is now said to be suing him over lack of payment.

I'm sure it is. Kanye must have constant world wide attention. Even if that means saying he loves Hitler to make the news. This is clearly another stunt to make the news and possibly part of his presidential campaign. He won't fall out of the public consciousness he must do something every month to get in the papers and drama is a lot easier to make the papers with than putting out some

good music or having concerts.
