Thread: [Increase youtube subs and views Massively](#)

neil5050 - January 12, 2023, 1:26 pm

step 1: have a youtube account

step 2: Spam upload shorts of minecraft everyday

hashtag all of this in the description description

The more you spam upload. The more views and subs you will get.

Reminder to remove all the videos once you have grown your youtube to a certain views/subs you wanted to get to.

Fucking genius. I wonder if one can just reupload a bunch of minecraft videos with minor tweaking to bypass the yOutub3 algOrithm\$. I bet this can easily be automated with a simple script
