Speed Test - January 21, 2023, 8:10 am

Have you ever dreamed about your own Shopify store?

An online store that will be ready for you in less than a week! With a modern customer and user experience - on the Shopify platform, in whatever field and niche you choose with 50 top products.

The cost of setting up the store - 999\$

First payment of 399\$ now and the rest in two months only after the store generates activity and traffic and we are all satisfied.

Currently I am able to handle 5 sites at the same time.

Free slots: 1/5

You can get an impression of a demo site I created for a client - the site is ready and running

Feel free to ask me any questions !

Could I get that demo site? Thanks.

If you have done any work in the travel niche even better.

Hi friend, I've sent you the demo store.

No problem to do a travel niche store - I won't leave you until you satisfied.

I am also interested in this, posting here to come back. Could you also DM me the demo site to take a look? I'm guessing this is going to be more of a general type store?
