Hey man I'm down in Melbourne, looking for work100% , I'm no seasoned vet with the tech(state funded holiday put the tech on hold) hands on though I'm handy. I'd printer,open ups verified in person at most of majors. I have two contacts n one of the top 4. Unsure how to utilise effectively. Some guidance in exchange for a solid comrade on the ground ? I'm motivated to learn n earn. Only interested in positive working relationship that can be symbiotic, I'm on few different platforms just PM me with alternative talking point/pgp mail etc. Hope to talk asap.
