Thread: [SELLING HIGH TIER GAMBLING ACCOUNT \(\\$300 + IN BONUSES PER MONTH\)](#)

**Sectumsempra** - January 25, 2023, 7:04 am

Selling my gambling account that I wagered almost \$600 000 with.

It's for crypto biggest casino.

Its getting me \$300 + in bonuses every month.

Also the person whose affiliate link I use has a giveaway for players under his link so on 1st February I will receive \$150-200 tip from him.

Looking to sell the acc for \$300

If you are interested. Sectumsempra#5132

Since OP is getting even more suspicious with this new unbelievable opportunity in a row I would advise anyone interested in this to deal with a trusted middleman.

And preferably after the 2nd of February.

After 2nd February I will most likely not sell it, as I will claim a lot of bonuses by then + the prize from the guy im affiliated to. Im selling it as I need cash now :)

So keep your fucking money if you don't have 200\$ instead of give a 25\$ contest and wait to get these 200\$ to get your money back if your method really work.

You're stupid as fuck. Just get out of here and stop try to scam for few bucks.

I cannot see the reasoning behind why you need to stress sell your gambling account before that though?

If you need \$300 or the Mafia will kill you, There are faster ways to get that since you say above, That you will earn more in February.

All of this makes 0 sense in my eyes.

If you need \$300 by tomorrow, Take a quick loan with a 30day payback before fees start to rake up and boom, You now have your \$300 for whatever you need + You have your account in February where you will earn a lot more money.

Bro you think I'm some 9-5 worker that can apply for loans ?

I took loans from my friends and I owe them over \$100k so I can't get loans from them

Stake accs with high wager are worth good because even if you don't wager much recently the bonuses have base amount + the pre monthly and post monthly require no wagering at all and are good for passive income (thats why people are buying them)

All countries have these quick loans with high fees from not regular banks for a reason, It's profitable.
