Thread: [\[METHOD\] How I use AI to make \\$300-\\$1200 a month](#)

Roytoy - January 30, 2023, 5:12 am

Hi guys,

I've developed a method that utilizes new AI services and I've been using it for the past 3 or so months to make a good side income.

I know for a fact this isn't saturated because I developed and wrote it myself, and I've decided to share it with the community TODAY.

Please post and I'll send you the guide.

Chez_Yuki - January 30, 2023, 5:14 am

Don't give out AI methods. They're extremely easy to find and use if you apply yourself and have common sense. AI is literally going to disrupt the economy because of lazy people. This shit should've never been open source.

I've developed a method that utilizes new AI services and I've been using it for the past 3 or so months to make a good side income.

I know for a fact this isn't saturated because I developed and wrote it myself, and I've decided to share it with the community TODAY.

Please post and I'll send you the guide.

Is this still available? I would love to try it out.

SI?th - February 10, 2023, 10:00 pm
