I have been cancelled twice. It felt almost as bad as when you get a community alert on you. Wbu? Rate how much it hurt

webatoz - January 31, 2023, 3:40 am

what you mean by cancel in social media? someone reject your request?

Yin Yang - January 31, 2023, 5:25 am

I haven't had the pleasure, no

What do you mean by cancel? When I think of someone being canceled I think of somebody who is very well known and because they have an opinion others disagree with groups then try and "cancel" them. Not sure if thats what you are referring to when you say cancel.

Not on social media, but IRL I have been. You may ask how? It started out in school where everyone followed the wave (which I didn't) I put my own opinions and got a lot of backlash, having an opinion nowadays can be dangerous.

However, this didn't affect me at all. I just didn't give a single shit. I just moved on, continue my shit.

I've been banned from a couple of subreddits for truly stupid stuff like voicing an opinion that differs from the crowd and another one thought I was a troll, but I was asking a genuine question. Too many loser mods on that site power trippin over nothing.

This is so true, if you aren't one of them then they consider you as a troll even though you are serious about it. Especially in reddit. A lot of dumbies there.

Yeah it's unfortunate and annoying as well. Both subreddits I was banned from recently were large ones, /guitar and /health and both for stupid reasons, a lot of dummies indeed.

I still enjoy Reddit but usually just stick to my home feed which is a few small niche subreddits for things I'm into.

I've pissed off some celebrities or wannabe celebrities by having an unpopular opinion a couple times.

I personally never have been cancelled on social media, but I also try to keep to myself and not cause drama. Occasionally I am sucked into some drama though.

MassSpread75 - February 3, 2023, 8:07 am

Never, but imo it'll be a 0/10 pain

Seaking - February 3, 2023, 11:32 am

Can't say that I have. I'm always open to a reasonable discussion if I disagree with someone.

?nxy - February 3, 2023, 12:28 pm

I got cancelled in a Facebook group they were all saying in racist fuck that shit

Envy - February 3, 2023, 12:46 pm

Not personally, I have had business or project accounts zucked though.

Theriz - February 3, 2023, 1:52 pm

Yeah, i had pages on Facebook before 2018, moderators deleted all pages, my profile, all. I could download the archive of all my activities, just that.

All that just for some stolen videos, and some image against the rules.

But i don't regret for this, i'm happy that i stopped to lose time with FB, that IMHO becomed worse in next years, the pages about i'm talking wasn't big, they was 3-4 with around 1k-10k users, paid something like 150\$ for promotion and was just fun pages nothing commercial.

Never registered again on Facebook, now have just Instagram.

El Stig - February 3, 2023, 5:33 pm

The term is so dissolved now that everyone has been cancelled.
