Thread: [Complete a math test \\$100 BTC](#)

**Mutiny** - February 1, 2023, 3:04 am

Hi all,

I'm needing assistance in completing a math test on Friday in regards to my apprenticeship, I'll be paying \$100 in BTC.

The math is basic high school math, I have a document with everything that'll be involved within the test.

Please PM or reply here if you think you can help.

Have you tried

wolframalpha.com

It provides solutions, how to solve it, Images, Text and so on.

You can even type your full on Math question to it.

Doesn't quite work for some of the things that are involved in this test such as

finding the grade as a percentage

expressing the grade as a ratio

calculating area of a trapezium ( and all different shapes)

finding the area perimeter of a half circle etc

but thank you anyway

**Tobaras** - February 1, 2023, 4:00 am

I messaged you and can definitely do this

**SocialMediaBooster** - February 1, 2023, 9:10 am

can help you for sure will help you ace it hmu on discord socialmediabooster#9199

**bronzegods** - February 1, 2023, 9:13 am

I'm good at mathematics. I can try solving it for you.

**Botify** - February 1, 2023, 11:01 am

Use chatGPT, system is so good it can solve your problem for free :)

**Mektor** - February 1, 2023, 11:53 am

I can do it for you. Took AP classes in school so I'm guessing what's on there should be fairly easy.

**SourceCode101** - February 1, 2023, 12:31 pm

i can do that for you , provide me your discord via pm . Then you must send me the doc , and you will have an answer in 1hour if i can do it.

Then once u pay me you will receive the results. Thanks

**Doctor.** - February 2, 2023, 9:44 am

hey lmk bro i used to run a hw service here

**Beastmedi** - February 3, 2023, 11:52 am

i can do it for you bro pm me your telegram id

Think we late to the party since it's Monday but either way ChatGPT would smash the fuck outta a high school level maths test as well as most other things it seems.

+1 for ChatGPT.

**theDuke** - February 5, 2023, 8:57 pm

If you want to go the authentic route and avoid any kind of plagiarism I can do this for \$75 and show all work necessary if that is required. DM me if interested. I've completed high level college math courses with an A+ so I know what I'm doing.

Edit: Seems like the deadline has passed? If so, please close the thread OP.
