Following Omni post on -> [Official Youtube 2023 Award Contest - Win 100k Bytes](#) I decided I will try my best to participate in the event and create a nice Video for it as well.

What do you all think about it?

Let me know!

This video was also picked by Omniscient as #4 in the contest :) - [RE: Youtube 2023 Award Contest - Win 100k Bytes](#)

The video is marked private. You forgot to unlist it?

It's private, so we can't really watch it and it won't be eligible for the contest if it's private :(

Thank you champ!

I am in for the award but if I will get any of the other prizes it would be epic!
