FAQ

How much money can you make from this monthly?

Depends how much time you put in since its semi-automatic like you still gotta respond with them which is what I mean, but you can make around like 1k-2k+ a month around there

Does this works worldwide?

Yeah anyone with decent english can quickly learn this method, its stupid easy. all you gotta do is follow my instructions. And you dont need any previous knowledge for this, and ive made it very easy

to read with lots of useful info

Is this safe? What payment methods should we use?

Paypal, its already a very safe method like no guy is gonna go to the cops out of being scammed a bit of money online while he has family and stuff.. like most of them are pervs and have wives and want weird videos. But if you

wanna be safe you can always buy a verified paypal from someone or get a cashapp/paypal holder

Will the script ever get patched?

No, as its a important part of theyre site and they wouldnt remove that api, so it cant get patched ever, plus I made it so its really hard to detect even for people with 23 rotating se scripts.

Does this method need an investment outside the ebook?

no, not at all unless you feel like spending it on the site to look better on it.

Can this method be saturated?

no the pool for people is so large which youll get it from tho good, but there will always be new horny fish

Looks great OP, but could you add light to the @ in the top right @VirgilAbloh?

Is this your thread from another forum etc?

GLWS OP! Just want to clear this up early incase others have the same thought process.
