I'm Stanley HF's helper bot. The OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
Stanley

So I'm a little confused on how this works, I might have missed reading something but I don't think I did.

On the main giveaway thread it says for the 14th and 15th it's a Number Guess giveaway, and since there's no other new thread for the 15th, does that mean that we use this same thread to submit our number for the 15th as well? Or?

It's one giveaway that lasts for 2 days. So if you already submitted your guess the winners will be drawn tonight.

Oh okay, so we're not submitting two different numbers then? It's just the same one number for both days?

Also this means that for the days with the same consecutive event, it'll all be on one thread for said days too, right?

theDuke - February 15, 2023, 3:26 pm

Yes, correct. For the events that last more than one day, it just means that the event is stretched out, not that each day it's a new event. Sorry if there is any confusion.

Gotcha gotcha, that makes sense. Thank you for clarifying lol.

Also just a little something I noticed, you might wanna tell Penta to add this thread link to the giveaway thread next to Day 1, there's no link for members to click on.

∴. Why I love HF?

I love HF for oh so many reasons it'd be hard to list them all in one post. So I'll sum it up. I love the community here, the members are truly what makes HF what it is. Omni is the other half of that of course, but without our amazing community, we wouldn't be the HF that we all know and love.

I've been roaming the web for years upon years, and all during that time I've never come across another website in general, never mind just forums, where I could spend hours upon hours per day, everyday, being active posting and browsing around all without getting tired of it. It's been almost 10 years now since I joined HF and I'm still not tired of it. :)

Oh, and not to mention the groups. Ever since I discovered what official groups on HF actually were, I was hooked immediately. There's no other place where I've been a part of so many different groups and small communities, and I have HF to thank for it all.

Here's to the future of HF and all the awesome years, members, and memories ?
