You did not state that you are sharing a vouch copy in your original post. If you happen to change your mind, I have no problem leaving a review if the content is quality. If not, I will look into it once you have a few sales! Thank you :)

Yeah I guess I just saw the payment link and don't quite trust OP given his account situation lol

Yeah I definitely wouldn't download anything from members on HF. Unless they are highly reputable.

Then again OP might have good intentions. I don't mean anything bad.

In a parallel universe, a guy similar to myself built a VM with a BUNCH of cryptowallets, game zips and files with nude picture names that were all crypted loader.

That guy then opens all fun forum links in that VM. It gets hijacked, things get taken and opened.

who is hunting who...in that parallel universe?
