PayPal added!

I am happy to announce that from now on everyone can pay with PayPal in my shop!
This means that credit cards are now also indirectly accepted, you just need to add it to your PayPal account.

Everything runs fully automatically through my shop, just like crypto payments.

Hey buddy, you posted under the wrong thread, here is the right one:
[BOTSHOP | High Quality CPU & GPU Bots/Loads | Perfect for Silent Mining \[+PayPal\]](#)

However, I will still answer your question! Yes, I offer loads directly from my landing pages, I don't sell pre-infected bots.
