Thread: [Business/Ideas/Partnership/Projects](#)

SIM-2470866 - March 10, 2023, 4:02 pm

Hi, I'm looking for individuals who have a business, idea, project or partnership up for grab. I'd be willing to put in money, resources and my clientele into it.

Hit me up with a detailed overview of the proposed idea/plan and we'll talk it out.

I'm interested in making a local guide, like Yelp or something, but niche for the city.

I have this idea of all establishments or just the medical area.

the company's subscription will be recurring for 1 year, it will entitle you to posts on instagram, a page on the website and some other things

talk to me if like it

I am currently working on a linux attack monitoring, intelligence and alert system aimed towards server hosts, im not going to go into to much information publically but if you have discord reply here with it and i will discuss, could open possibilities of investment but we would have to discuss properly as i have put a LOT of hours into this so far, everything is custom built from the ground up, approx 80% complete. I can show you were i am up to currently.

Hi, I have several projects in the nickel trading/mining/ shipmaking industries:

1. (URGENT) Nickel trading (buyers and sellers contract ready) need USD 1.5mil. 23% ROI in 5 months. 1 time project
2. Shipbuilding + advance skills training (welding, fitter etc). Building the hulls of barges and tugboat need USD 700K. 30% shares into holding/corporate company. Projected profit of 20% per year. Ultimately going into shipping to lease out barges and ships to oil, gas, and mining company

1. will be in Sulawesi, Indonesia (largest area for nickel mining in the world). 2. take place near Singapore. Will be proper and bonafide with contracts, companies all will be in place.

I'm Stanley HF's helper bot. The OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
Stanley
