Thread: [Caller Id Spoofing \[NEED HELP \]](#)

rishieyt12334 - March 11, 2023, 10:17 pm

i am pulling my hair out because i cannot find any tutorial or anything telling me how to caller id spoof

please help me

ps. if it makes any difference i have a raspberry pi, and laptops where i can host stuff

please pm me

Assuming you're doing this for VoIP, there are a number of ways to do it. But bear in mind that some VoIP providers make it impossible to spoof because of the kind of softswitch they use.

Were you able to get any? Please let me know if you do.

echtar9 - March 18, 2023, 4:39 pm

I have my own method to spoof your number
