I paid the \$50 for it a few days ago. I was added to a the telegram group but that's it. I've asked about the rest of the stuff but was ignored.

The telegram group I was charged \$50 for is in the description of the videos he keeps posting lmao

OF TOP G - April 6, 2023, 7:59 am

Sent you a dm of the private course and the tele is private we interview everyone who applies yes the "group" invite is public no one can just get in we don't charge hq people to be in the community as it just bennefits you even more knowing them we charge more for the course the pdf break downs etc the reddit docs etc I sent you all of them now just been busy tele fastest way to reach me btw i dont see pms that often

Had some initial miscommunication, but everything has been delivered now. The amount of quality stuff I just got for \$50 is really unheard of. Worth well over \$50.

Still giving out Vouch Copies? Just started reaching out to models for an OFM agency so I believe I would give a great review if you believe I'm of quality reputation.
