Thread: [Steam Spring Sale 2023](#)

Seaking - March 16, 2023, 11:23 am

With some good discounts going on right now what are you considering buying?

I picked up the 64gb steam deck (along with a 256gb hd upgrade, case, and screen protector), FINAL FANTASY VII REMAKE INTERGRADE, Detroit: Become Human, and Hades. Thinking about grabbing the Ori games while the sale is going on.

Just checked and the steam deck is out of stock in my country :/

Regarding games, Hades - is it good?

Any suggestions for open word titles?

Everyone seems to love Hades so i'd thought I would give it a try. I'll report back in a week or so once i've had some time with it. For open world games i'd click [HERE](#).

From that list I can honestly say I enjoyed Rust, Sea of thieves, Deep rock galactic, Elden Ring, Hogwarts legacy, The forest, and Skyrim. I will say some of these games (like SOT or DRG) are a million times more fun playing with friends.

Let me know if hades is worth it.

I've already checked the section and it's populated with big titles with crappy optimization.

Already have Elden ring (you buy this game to die again n again, but it's fun in the end), Rust (too toxic ?), and Skyrim (I hope they just don't release ultra HD+ edition now).

Tbh, I don't want multiplayer. Waiting for "Phantom Liberty" DLC of Cyberpunk 2077.

For multiplayer games, I prefer shooters like valorant. So, I can laugh and troll them when they can't aim properly.

Will keep an eye on the steam sale. Maybe I'll find a good game.

Always good advice! Don't be bamboozled by sale prices on steam.

For \$4 i'd venture to say it was money well spent.

Anyone else picking up something?

Cyam - March 17, 2023, 6:28 am

I recommend Kingdom Come: Deliverance for around 7€

Still one of the best games I've played, but it isn't for anyone, especially cause of the combat.

MightyOne - March 17, 2023, 6:39 am

Is there any event\cards to collect in this event? It was suppose to be a major event but I see nothing special tbh

I am thinking on getting Hogwarts legacy but no discount haha, pity

New game, I don't think they'll lower the price.
Because it's already in the hype.

Mac Miller - March 17, 2023, 7:43 am

Yeah I picked up one hour one life for like 9\$ cad

How much did you pay for the steam deck

Still one of the best games I've played, but it isn't for anyone, especially cause of the combat. I still need to go back and finish that game. IMO what was so great about it was the historical accuracy and the realism.

Thanks for sharing! Anything in particular you'd recommend?

Casp?r - March 18, 2023, 8:53 am

Think of getting god of war. never played it, but heard so many people praise it.

Seaking - March 23, 2023, 12:42 pm

The steam sale is over. What did everyone pick up?
