Welcome to HF. There are plenty of guides around here that can help you make money. Do you have a niche you are interested in persuing?

Welcome to Hack Forums.

On the site you can find several guides and discussion threads regarding making money, in theory with a little time and determination added to the lessons you can have here you should be able to invoice something.

Hey, it's a great idea to check out some of the free lessons available on this site in some of the subforums, pick something that looks interesting to you and catches your attention so that you stick with it! Good luck
