How to find onion link and find any content on dark web  
- Termux Tutorial -

I can lock it. But education should be free.  
Enjoy and like add rep\_\_\_\_\_

Install

```
apt update
apt upgrade
pkg install git
apt install python
apt install python-pip
git clone https://github.com/josh0xA/darkdump
cd darkdump
pip3 install -r requirements.txt
```

USE

```
python3 darkdump.py -h
(help guide)
python3 darkdump.py -q="chat rooms"
(10 default onion results from the query)
python3 darkdump.py -q="chat rooms" -a 30
(increase 30 results)
```

:)

**User0402** - March 29, 2023, 9:54 am

Thank you so much for the help

Thanks

ekitora - June 17, 2023, 5:36 am

thanks for the help man

SIM-5382664 - July 2, 2023, 6:01 am

thanks sir this was very helpful

—™Nostalgia™— - August 16, 2023, 1:11 pm

use ahmia .fi safe and best DW search engine i dont know why people scares about DW if you know what you need its secure and good place to find more information and good stuffs

kratos24 - October 25, 2023, 12:48 am

thank you! It works without any issue.

B3A - October 26, 2023, 12:21 am

Another share from you I see. Good job

I was not aware of this repo. Thankyou OP for it. I will clone it on my deb.

**charissimorosso** - October 27, 2023, 1:52 pm

works fine, and fast. Easy setup!

Usually it's all the bogus discussions of redrooms which do not exist and have terrible security, In nearly 98 percent of all sites we encountered de-anonymization took under 30s to preform. The rest is a feeling of Taboo as you can order controlled substances and etc from it.

**cyz1998** - November 5, 2023, 9:17 am

best idea thanks bro

**Manizo** - November 15, 2023, 2:02 am

I have to try it .. thank you

**tyjesws** - November 16, 2023, 1:25 pm

This is great, thank you!

Im looking for the program to hack securus unity tablet with the V8.3.1 update

**asura\_666** - *November 27, 2023, 9:49 am*

thanks for sharing it's something new for me as i also find it hard to navigate the dark web

**larryhaskins05** - *December 7, 2023, 2:15 pm*

I'll try this. Thank you for this one !
