Thread: [Web developer \[Simple af\]](#)

B3A - April 4, 2023, 12:48 am

Need a web developer for my off site business .
Profits share. Pretty simple .

Or name your price

You need to be able to construct this with the features of tracking page Manual or automated sheets edit idc :

<http://translogisticsairline.com/>

<https://translogisticsairline.com/track-trace-shipment/>

Hey I can definitely help you out with this task. Please reach out to me in pm with more information and potential better forms of contact. I have experience in all sorts of development and also have access to ui designers and such.
