Thread: [65€ > DEDICATED SERVER | 256GB | 80 CORES | 1GBPS | 6TB NVME](#)

Roubler06 - April 8, 2023, 8:07 am

I have my hands on an exploit that make me able to create Dedicated Servers for absolutly free.
The exploit has been working personally for the last 3 years.
Can provide custom Systems (Ryzen ,Xeon, More Storage, More IP's, Windows, Linux)
Bulk orders are also accepted and will come with reduction.
[contract=tid]Start Contract[/contract]

CyberHost - April 11, 2023, 12:10 pm

Hi, can i know more about that?

What do you need to know

Exchanges - April 12, 2023, 6:33 pm

Yo, I'm interested. Can you lmk who the host is? What addons can you guarantee? Etc etc.
