Thread: [\[BRAND NAME REMOVED\] Verification Bot - Verifiy Your \[BRAND NAME REMOVED\] Accounts \[\\$200 Lifetime\]](#)

codingjesus - April 9, 2023, 4:41 am

As title says, I coded a [BRAND NAME REMOVED] verification bot. You have to add proxies, user agent and token to start the bot.

The price is \$200 lifetime access.

I will give only 2 trial access to trusted members of the community.

Important:

- I'm only providing the bot, not any kind of [BRAND NAME REMOVED] method.
- I will give you full support so you can use the bot effectively.
- This bot tested only by me so there are probably bugs. However, I will solve the all the bugs you get and give you the new version if you send me a message about the bug.

You can hmu on tele too. Tele:codingjesusx

codingjesus - April 19, 2023, 12:42 pm

I'm still looking for testers for the bot.

I would like to test the bot if that's possible. I have experience with a similar bot I was using 2 months ago.
