Thread: [Signature Image doesn't Exist Error](#)

Jinu - April 14, 2023, 7:04 am

I receive an error message stating "Signature image doesn't exist" when attempting to update my signature using an Imgur link. Could the issue be on my end or with the website?

What's the URL of the image you're trying to use for your signature?

Despite attempting to use the current signature image link, I am still encountering the same error.
