Thread: [Hello Fresh Promo Codes](#)

Carl Elias - April 14, 2023, 12:44 pm

Hi everyone, I have been using hello fresh for a few years now (been slacking recently - just lazy and don't want to cook) but the last few months they have been giving out some cards to share with others.

Free box then \$15 off your 2-3 boxes. Only valid for new customers with auto-pay

Wanted to see if anyone here may want them before I toss them. I don't have any friends worth sharing it to who are not previous/current customers.

If anyone wants one let me know!

How much is Hellofresh?

I'll send you a PM. The price of the packages depend but I think they are affordable in some cases. I think it really just depends on how much you expect in a meal size.

I personally like their meals and now have a little bit of a meal selection that I have collected over the years but I just have gotten to a point where they all kind of seem to be repeating which is why I want to stop. Otherwise I would have kept going

I'm interested. I think i may have a way to set it up without having to worry about the auto pay lol.
