Thread: [HOW TO CLONE ANYONES VOICE USING AI | 100% REALISTIC VOICE CLONER](#)

Go to <https://beta.elevenlabs.io/>

Make an account and subscribe for the first month, should cost 1\$

After you have subscribed, you can input a file and clone the voice within minutes

Contact ElevenLabs and tell them that you want to cancel your subscription because it didn't work for you.

If you push hard enough they will just give you the 1\$ back.
