Thread: [Supernatural \[TV SHOW\]](#)

So as the title says, Supernatural as in the US TV show, not the actual "supernatural". ~

Wanted to create a thread for this to see if there were any other Supernatural fans out there? I've started watching it a few weeks based off recommendations having seen the odd episode here and there years ago and am currently addicted to it. Must be watching 6+ hours of it a day ?. Currently at Season 7 (no spoilers please)?.

I'm a fan, for a bunch of reasons really but always found it entertaining. Sometimes it gets repetitive, and some seasons are slower than others, but generally speaking it was always something I could put on and pass the time without the time feeling wasted. I also have the pentagram tattoo on my chest due to loving the design, and it having another meaning for me outside of the show. Nice to see another fan on here!

Oh no way that is awesome on the tattoo! I was thinking of getting something with a nod to the supernatural series in there somewhere too, glad to see I'm not the only one who had that idea.

It's a great design and has some historical importance too to a degree, so I had to do it lol. There's lots of cool designs you can grab from the show, and ones you could modify or incorporate into different ideas too, you'll have to let us know if you pick one!

Oh most definitely. I've got the basic idea going of what I want to get just the final touches (like the symbols) that I need to figure out, hopefully get it sorted in the next few weeks and I'll try remember to let you know haha.
