Thread: [Does portmap work with async?](#)

localhost - April 24, 2023, 10:47 pm

Hello was just wondering can I use portmap as a port forwarding method?

It should be working with any rat

Royal ! - April 25, 2023, 2:04 pm

Yea I guess you can do port forwarding/opening with that.

localhost - April 26, 2023, 3:33 pm

alright thanks for the feedback

Note they are very quick at banning accounts using rat. I was ban in less than a week once upon a time. I suggest your own dns or use free ones like dynu and freends. I use them before and never had a problem
