Thread: [HOW TO MAKE \\$100 PER DAY - WHITEHAT - MENTORSHIP](#)

OnlineMoney - April 27, 2023, 10:05 am

This is not a eBook, this is a mentorship. I am only going to sell this 2 times because there is competition and if it gets saturated there will be less profit.

This is not easy, nor is it passive income although it is easier than most jobs.

Depending on your investment you will make more or less per day. If you have \$1,000 you are more likely to make \$100 per day, but if you have \$100 you are likely to make \$10 per day etc.

I have already mentored one person who has turned \$100 into over \$1000 in about a month, and now is scaling even more.

I will give you all the information that you need to be successful in doing this, and all of the tips and tricks.

Contact me through chat or PM, or my telegram is https://t.me/Luka_R_i

Feel free to ask any questions.

First sale will cost \$150, second will cost \$300. And that is all that I will sell.

I can show proof of earnings in DMs.

What you need -

Must live in USA

Must be over 18

Must have an investment

Must have or be able to get Cashapp / Apple Pay / Zelle etc

This is not:

Trading

E-whoring

Pyramid shit

Gambling

How long will setup take and how long before I'm actually earning?

Also, are you open to using a MM?

And how long before first earnings?

Ok, we can use MM and do release of funds after \$50 is made?
