Thread: [\[Free Course\] Ethical Hacking from Scratch: Complete Bootcamp 2023](#)

xDRISSx - April 30, 2023, 3:14 pm

Learn how black hat hackers hack networks and how to secure them like an expert. Learn ethical hacking from scratch!

What you'll learn :

Learn how Black Hat Hackers think and behave.

Practical Ethical Hacking and Penetration Testing skills.

Learn how to set up a hacking lab (Kali Linux, Metasploitable, VMs).

You will MASTER Ethical Hacking and Cyber Security key concepts (reconnaissance, sniffing, exploitation ...).

Acquire the skills to MITIGATE ALL THE ATTACKS presented in the course like an expert.

Learn how to hack routers and IoT devices using RouterSploit like a black hat hacker.

Learn how to hack systems using Metasploit like a black hat hacker.

Learn how to hack WiFi networks (traffic sniffing and injection, deauthentication attack, WPA2 cracking).

Learn how to secure a WiFi network and stay safe and anonymous while browsing the Web.

Learn how to implement Full Disk Encryption.

Learn how to hack ARP (poisoning, Ettercap, Bettercap, Caplets, Ban, ...).

Learn how to hack STP.

Learn how to hack CDP.

Learn how to hack switches.

Acquire an in-depth understanding of Steganography and how to hide secret data.

Learn about the tools used for cracking passwords (John the Ripper, Hydra, Rainbow Tables, rcrack).

Acquire an in-depth understanding of GnuPG (symmetric and asymmetric encryption, key management, digital signatures).

Acquire an in-depth understanding of hashes and how to break them.

Learn how to hack HTTPS (SSL Sniffing, SSL Stripping, HTTPS Downgrade).

Learn how to hack DHCP (flooding, starvation, rogue server).

Learn how to hack Google searches (Google dorks).

Learn how to use Shodan to discover and hack IoT devices.

Acquire in-depth sniffing techniques (Wireshark, Filters, tcpdump, airodump-ng).

Acquire in-depth scanning techniques using Nmap, Nmap Scripting Engine, Zenmap, arp-scan and netdiscover.

Acquire an in-depth understanding of Netfilter/Iptables Linux Firewall (chains, tables, matches, targets).

100% "free" Dont say it is free when it isnt

lazersate - May 1, 2023, 3:48 pm

excellent post, thank you

Glenn - May 4, 2023, 10:02 am

Thanks for the tips mate.

Im new and trying to learn. Thanks!

70593 - May 8, 2023, 12:55 am

i need to type about 4 more msg to get a specific forum

Zaynn - May 15, 2023, 9:07 am

Thanks sensei. That is a good share

lost2 - May 16, 2023, 10:08 am

Thanks for this sharing
