Thread: [\[7 years experience\] Same day delivery for resumes, tailormade to the vacancy u want.](#)

randvoo12 - May 7, 2023, 6:57 am

Are you looking to land the job of your dreams? If your answer is yes, then allow me to help you like I've helped countless others.

I'll create a new resume or fix and rewrite (as needed) your current resume.

My process starts by researching what HR managers are looking for in your field, optimizing the resume for your specific case, and making sure your resume is ATS compliant so you can use it to apply online.

I've extensive experience with all job types and have one of the most extensive resume databases ever written by a single person!

My results are high and can be confirmed via a simple Reddit search, my reddit username is u/randvoo12

What do I offer?

ATS-Compliant resumes and original cover letters, all original, all tailor-made to suit your needs.

Research-based boost to your resume- Even though most resume writers are ex-HR personnel, they're not usually the best candidates to hack the brains of their own kind and in hack I mean, understand how they work, on what criteria they base their evaluation, and what subconsciously drives them to pick a candidate over the other, but lucky enough for you, I use a research-based approach to my resume building. You can thank Harvard and other universities for allowing access to their research.

Flexibility and Tailor-made resumes - My resumes can target a single vacancy that you want, or can cover a wide variety of job offers, your choice.

Proven experience and results: You can search my username across Reddit and you'll see random recommendations speaking about the results of my work. (vouches by real Redditors below)

Price list:

Check/re-write/fix/enhance without changing template: \$14.99

Resume: \$24.99. (some resumes may be charged higher depending on word count and years of experience, read clarification #6 for more info)

Original cover letter: \$9.99.

Resume+Cover letter: \$29.99

Federal Resume: \$100

Payment method: PayPal or Cryptocurrency (BTC, BNB, ETH, USDT only)

How to contact me?

Please comment on the post and send an email to resumes.moe@gmail.com

The email should include the following:

The service or offer you want.

Your HF username.

Your current resume.

What you need to be edited or taken care of.

Any job ads you wanna apply to.

Deadline by which you want it back, you don't have to be super-specific, just give me an idea about when you want it back.

You can also reach me on discord [moe#4009](#)

We'll open a contract and start the process only after I inspect your resume and find that I'm able to give it a considerable advantage, I won't take money from you for minimal edits and if the resume is in good shape, I'll tell you that.

Clarifications :

.Research is king: I do all types of work fields since I mainly research the job and then research the areas you resided in, I don't just rely on experience and prior knowledge.

.I've been doing this professionally here on Reddit and other websites for years and have been doing it for longer in my local community. I served many Redditors (500+), unfortunately not all of them leave vouches, but you can check those on my credit account [@randvoo12](#) as they are scattered in old archived vouch threads or their respective offers posts.

.I usually have other clients from other marketplaces and websites, so expect a delay of a few days in the delivery of your work or you can ask for same-day delivery for an additional \$10 fee.

.Here are before and after examples:

Before: [https://drive\[WARNING POSSIBLY INFECTED\]google.com/file/d/1J3Gkx3AYhIJz2Jwa2uph-5D7Y9z9S25K/view?usp=sharing](https://drive[WARNING POSSIBLY INFECTED]google.com/file/d/1J3Gkx3AYhIJz2Jwa2uph-5D7Y9z9S25K/view?usp=sharing)

After: [https://drive\[WARNING POSSIBLY INFECTED\]google.com/file/d/1tVCfKyaZS5ZDTCFqHjacT1EAhD2qQVQ6/view?usp=sharing](https://drive[WARNING POSSIBLY INFECTED]google.com/file/d/1tVCfKyaZS5ZDTCFqHjacT1EAhD2qQVQ6/view?usp=sharing)

.All work is delivered through Google Documents links.

.Not all resumes are created equal some require a bit more work than others, for most people, this won't mean a raise in price, but for clients with 10-15 years of experience, and 6 or 7 previous roles, it'll mean that I'll have to raise the price a bit just to make it fair for me and for my other clients.

.An advance payment or a deposit is preferred but I got no problem with taking the risk for an extra 5 USD.

.You can also request the service through my sell-up store @ <https://resume.sellup.io> (prices are higher)

.Please follow the instructions and do not send me private messages, just comment on this post or send me an email or a discord message, this will go a long way in making the process faster and more efficient.

. Same-day delivery is dependent on the number of responses I get.

.You can ask for a discount if you REALLY need one, I like to work in good faith.
