Looking to monetize your current clients expanding services? All you have to do is list Buy Now SEO services on your site/reach out to current clients and i will provide SEO services to your clients that can see 20x-50x the return on investment they placed and we will work on a 60/40 % from every deal made. i did a case study on my new site and got first page over 100 times in 7 days in google to show my skill sets. Happy to hop on zoom with anyone to show proof nothing is fake screensharing those first page results and answer any questions live. Clients can cancel anytime since there is no contract but why would they cancel if they can see these type of returns? Serious clients stay for 12 months.
