Thread: [New romance / romcom anime \( havent watched anime in 3+ years\)](#)

**Fuko** - May 8, 2023, 5:16 pm

Hey HF I'm back again, I used to be on here A LOT back in the day ;) before all these bytes and when you had to get aproved for uber, when I came back i was stripped of everything forced to start from scratch. So im coming back to one of my fav subforums of this forum the anime section :D ! <3

I stopped watching anime because I thought I watched all the good romance / romcom animes but I haven't been in the scene in a long time and whenever I go onto MAL and search for top rated romance animes I see all the same ones I already watched !!!! If any new good romance / romcom / slice of life mixed in with those give me some suggestions to watch please and thank you ! :) a link to my MAL is below!

yeah I like all types of diffrent ones that are like lovey sad type but any with type of mix like drama things like that. Espesially love the animes that have crazy twists half way through them or like at the end :p. I would do more research myself but I'm always running around all day tryna make money doing uber eats and different deliveries it feels like a gta mission every day so any reccomendations I'll check out on my free time :) !! <3
