Prodigy - May 9, 2023, 5:01 am

UHQ THREAD DESIGN INCOMMING

Hello everyone !

We're Prodigy Bets and we have 1 simple target - to make money for us and our customers.

Over the years many fake tipsters came to the sports betting scene offering insanely high win-ratios and misleading many people.

Why do we call them fake ?

-Because they don't achieve the win-ratio they promise

-Because they don't use cash bets (If you're having an insanely high win-ratio, why wouldn't you bet money on your own bets to make more money ?)

-Because they use spreadsheets which can always be faked

We want to build a group where everyone will be a winner, not just the owners !

We will be giving you the best possible bets to place everyday and win together with you pepeokay

Also expect from us odds over 2

We're aware everyone can guess odds of 1.5-1.6 so our aim is to give you higher odds which will make your wins even more sweet.

There are 2 types of memberships we offer

Standard: 1 Month - \$39.99

Includes daily picks

Premium: 1 Month - \$99.99

Includes daily picks + VIP picks available only for Premium users + Bankroll Management (Bankroll management is really important because 1 wrong stake can kill 10 wins in a row)

We will guide you through the process of sports betting if you're new to it.

We will show you the best sites to use and how to place bets.

Our team is here to answer every question you might have.

if you wish to work with us, you can add us in Discord Pr0digy#7522

All vouch copies done?

Might be interested. How high win-rate do you have so far? Like how many losses could be expected from 10 bets?

All vouch copies are done. From 10 bets you can expect maybe 3-4 even 5 losses. But the average odd is 2.5-6 odd which makes us insane profits unlike other tipsters who bet 1.5-2 odds we aim to bet higher odds and we have great success with it.

We cashed out this bet to secure profits but those who let it ride won it at 6.5 odds

We also have weekend sale. You buy 1 month membership and get 1 month extra !

Really HQ tips. Bought Premium and already recovered the amount spent for the service. If you want to make easy money I definitely recommend these guys !

The odds are too little and nothing is sure about it. I have more than 4 years experience in betting and that's just going with the favorite team to win the match I don't see anything complicated about it. Before anyone buys it can pm me I will tell you a little secret for betting to make profit monthly that I'm using for free.
