Thread: [Hiring a designer](#)

Hi,

I am looking for a long-term multidisciplinary designer for my UK-based business. Someone who is good at UI, web design and is open to building stuff in Webflow or Wordpress Elementor.

Budget is about £1000 GBP a month. Ideally you should be available for at least 6 hours a day, 5 days a week, but depending on skill level we can have some wiggle room. 28 days of paid holiday included.

Send me some portfolios to DM, or email me at public_erik@icloud.com

Thanks
