And if you say Gundam I will have to fight you in real life 1v1.

padrino - May 14, 2023, 5:27 pm

Has to be Gurren Lagann for me I'm afraid.

padrino - May 14, 2023, 5:40 pm

The original FMA I didn't like either. Brotherhood was was better.

Vip?r - May 14, 2023, 5:53 pm

Has to be that childish robot fighting themed anime shows

source - May 14, 2023, 7:28 pm

cant stand gundam, cant believe japanese mcdonalds sellin merch for it also

Cooligan - May 14, 2023, 10:10 pm

I could pretty much paste the whole MAL database as a reply and it'd still be accurate.

I don't watch any anime at all lol, but it feels like all of my friends do and that I'm somehow missing something but I just can't get into it enough to keep watching it. I've seen one episode of Chainsaw Man that I happened to like and so far have yet to watch anything else or want to.

Buuuuut, I did in fact watch One Piece when I was a little kid growing up because it came out when I would've been watching cartoons like no tomorrow. I actually remember watching Luffy, Ace, Nami, etc. if I really try and think about it. For the longest time I thought the show was called "Ambassador X" for some reason, I think it was the skull and crossbones that made me think it was an X, no idea where the Ambassador part came from though lol.

There are far too many shows with garbage in it. As with everything, there are gems.

Try 91 Days and Summertime Render

Kayub - May 15, 2023, 3:08 am

Unironically, I can't stand any mecha, I just find robots fighting so fucking bland.

We are going to have to 1v1 now. It's over.

VKNS - May 15, 2023, 11:38 am

Anything Gundam.

One piece.

I had just about enough of your shenanigans. Respect the robot.

Beherit - May 15, 2023, 3:43 pm

Sword Art Online and One Piece. I don't think I'll ever get into them. Recently, I've got into Gintama instead.

Transformers is the best mecha anime known to man. Robots in disguise.

One Piece Sucks and there is nothing that will change my mind

The art is so ridiculous it makes it unwatchable.

Luffy is also mega-cringe.

Deany - May 29, 2023, 3:32 pm

Lol a lot of people here hating One Piece. I get it.

greggdowny1 - September 10, 2023, 10:22 pm

May I know the reason for that? ?

Man... I can't stand one piece at all (the live action is ok). I don't like the 90s animation and the around 1100 episodes is a huge ass turn off for me

Handsome - September 15, 2023, 10:06 am

Code Lyoko and Once Piece. Also pretty much most anime today as they are cringe and have dumb titles.

"I died of stage 4 pancreatic cancer and came back as a magic tree with a harem of female worshippers" lol get real.

SIM-5423828 - September 15, 2023, 10:44 am

I can't stand any anime with more than 1,000 episodes... way too much filler.

baka~ - September 15, 2023, 6:02 pm

My Hero Academia is the most overrated anime I've ever laid my eyes on, never ever am I gonna watch that.

Zen4Accel - September 16, 2023, 6:49 am

Slow ass romance. Like its been two seasons one movie 3 ova episodes, how do they not get romantically closer and i'm not even talking about intemacy here. When the whole purpose of show is to get both mc together, FFS I've seen better pacing irl.

and man i wanna see some good romantic piece

True, I am also indifferent on Romance.

Taker66 - September 19, 2023, 3:01 am

after dragon ball (Z) any shonen where the main character just goes through power levels are completely dogshit, even with a good storyline the outcome is predictable, so most mainstream is kinda lame for me

FunnyHands - September 21, 2023, 1:48 pm

I'm late to the party here, but I have a personal hatred for SAO, I was a big fan of the first half of the first season but after that I was just so disappointed

I made some giant cringe thread about it awhile ago, I'm not as angry as I was in it but I'm still disappointed in how it turned out

Waste of potential ?

Used to love Eureka Seven, then the story took an "anime" turn. Maybe my fault for not understanding anime yet, first one I watched
