Thread: [\[FREE\] The Best ChatGPT Prompts For Facebook Ads](#)

MrStepan - May 16, 2023, 7:25 am

Dear community,

Today I decided to share my best ChatGPT prompts for generating effective Facebook Ads.

You can use these prompts to generate effective ad copies, split tests, scripts for your videos, and research your target audiences. This will move you one step closer to outperforming your competitors.

Prompts I included (each category has multiple prompts):

If you don't have the 10 bytes, reply below and I will send you the download link privately for free. The text file includes a link to the custom Google Document.

I hope you find this useful!
