I have to say I am really impressed by this sequel.
Bit of fluffing but loads of heroic moments
I meant prequel. Forgive me. I'm new

Smexy - June 5, 2023, 3:37 pm

No way you just said that.
If you mean Rings of Power that shit was wrong

Hungry4Knowledge - June 5, 2023, 8:50 pm

Totally said and stand by it.....
Bit corny here and there but I feel the Middle-Earth feeling
Why didn't you like?

I wonder if you are really referring to The Lord of the Rings: The Rings of Power?

Yes, but now I started wondering if am I easy to please.
So far super fighting elf woman convinces the ruler of the island to give her three ships to arrive just in time on horses to rescue the poor motherfuckers from the orcs.

I started watching with low expectations because of the slagging off on imdb maybe its psychological but I do like it

It might have to do with enjoying me time
I cook for us then bf goes to work
Then I sit down with a beautiful curry I just made and I put on my most recent fav show.
Westworld, Last of us would be my first choice but I got to the point where I had to narrow things down to the rings

I do agree with you on this!

I didn't really like it due to all the woke things going on, Tolkien wouldn't approve.
