Selling my main Valorant account been playing since the game came out. RIOT Buddy is extremely rare and is a big eye catcher to people.

This account has always been high asc/im rank reason for selling I mainly play on my smurf with low rank friends rather than on a main. Not sure on a price for this so looking for offers. Will happily use a Middleman

Does it come with access to the OG email?

Kinda risky to buy if not.

Lmk your prices, I'm interested.
