paypal dispute time limit is 180 days

but the limit in which we are allowed to edit the b ratings is 30 days only

i hope it will be extended for 200 days so we can still edit it after the payment has been disputed .

Hey

Sorry to see you need to go through this hassle, but while using paypal you kinda need to accept the risk.

I think that as long as it was goods&services payment, you have a really high chance to win the paypal case.

You can speed up this process if you submit a detailed and valid proofs they ask you.

If you can call their support, then sometimes you could get it resolved on paypal in max few days.

Disputed member hasnt been on since March and he has 2 other open disputes on his account. This is why you shouldnt deal with people who have open disputes. If I were you, I would avoid any transaction with such a member regardless of whether its paypal, any other processor or crypto.

Hope you win the pp dispute and this scum gets closed. Sad to see a long time member scamming for any amount.

Seems like he doesn't like paying for graphics had another dispute for failure to pay for graphic work. Really scummy behaviour.

Yes, it could happen. It depends mostly how he paid you.

If he used card, then he can call his bank to proceed with chargeback.

If I were you, I would not close this dispute even after winning the dispute and even if he paid me 5 times the amount to close it. The hassle that he put you through can't be quantified with money alone and he deserves to be closed for it.

looks like he's still planning to scam more .

his account should be close for good .

Such a scummy thing to do honestly. Hope he gets closed for this. Just checked he has 3 open disputes. I am surprised he is not closed yet.

newQuery - July 19, 2023, 12:55 am

Glad that you have got your money back!

He should indeed be closed ..

What a shit head. Fuck that guy. Literally the best graphic designer I know

Vibe - September 19, 2023, 7:55 am

Hope Omni considers editing the edit time limit to match PayPal's dispute timer!
