Thank you for your interest guys.

I need to pay the booking upfront, I could do only MM if the booking is around the minimal booking price of \$1100. The requirement would be release after I send you the booking confirmation. I can not break the cashflow and wait until someone acutally checks in in a few weeks/months. I hope your understand it.

If you are interested, let me know.

I think you misunderstood.

Minimum original price of \$1,100 on booking.com. This price will be divided by 70% for the first five customers = You need to pay \$330 ?

(Jun 9, 2023 11:42 AM)-Scrub Wrote: [\[CITE\]](#) 0% guarantee and I deal with this daily when disputing hotel charges at the bank, you show up and the booking either was not made or did not go thru the system then the customer is forced to pay the full reservation if they wish to stay.

Glws op although without vouches/mm holding funds this will be a hard sale.

My method is 100% safe and legal. There will be no issue at all.

I have just started the service here today. Vouches will come after the first persons bought with mm and accepted my requirements.

Thank you anyways.

Financial fraud not allowed on HF. And don't try sending me a contact saying it's legal what you're doing.
