Thread: [\[Free Course\] Linux Mastery: Master The Linux Command Line In 11.5 Hours](#)

xDRISSx - June 18, 2023, 3:04 pm

What you'll learn

Quickly Learn the Linux Command Line from Scratch!
Use Bash Scripts and Cron Scheduling Software to Automate Boring Tasks!

Become an Independent User of the Linux Operating System!

Learn how to Search for, Customise, Install and Manage Open Source Software with Package Managers!

Operate a Linux Computer Entirely from the Command Line!
Gain a Complete Understanding of Linux & fill in any existing knowledge gaps!

Requirements

We Start from Scratch so no previous experience required!
This Course is targeted Primarily at Beginners, So if you have more than a few years Linux experience, this course might not be for you.
