FAQ

1. Can I get my own account upgraded?

Of course. I will upgrade your account to premium via my family.

2. Will I need to give you my login details?

Yes, you need to provide your Spotify account. I will upgrade it just minutes after payment.

3. Do I have to renew monthly?

Absolutely not. Just enjoy your time.

4. Is my account at risk or kick?

Absolutely not. All my upgrades are legal. I'm the family group manager. So no risk, no banned, no kicked.

5. How does the warranty work?

Warranty is fulltime. If my method stops working, the remaining warranty period will be reserved until I find a new method. No refund.
